## Profile

---

Computer Information Systems student at the University of Jordan. Interested in IT and UI/UX design, with hands-on experience in Flutter mobile application development using Firebase Firestore for data management. Experienced in designing user interfaces using Figma and working on academic projects. Former HR Leader and member at IEEE Computer Society.

## Education

---

10/2022 – Present      **B.Sc. Computer Information Systems**  
Amman, Jordan      *University of Jordan*  
**GPA: 3.21/4.00** (Very Good) Expected Graduation: 2026

## Projects

---

### Petfinity-Clinic Booking System

*It's a smart app that helps you book a clinic appointment for your pet and find out clinic hours. The app has two interfaces: one for pet owners and the other for clinic owners.*

#### Features:

- Secure login/signup for users
- Two interfaces: pet owners and clinic owners
- Easy to use UI
- Supports notifications
- Built using Firestore Firebase

### UI/UX Design Projects – Figma

- Designed more than **3 UI/UX projects** using Figma
- Created wireframes and full UI designs
- Experience with layout design, colors, and components
- Focused on user-friendly and clean interfaces

<https://www.figma.com/files/team/1453445972794490611/project/317401511/projects?fuid=1453445971320515497> ↗

### Software Engineering Project

Led the planning and specification phase of an expense tracking software project. My responsibilities included conducting a feasibility study, defining functional and non-functional requirements, and designing the system architecture. I produced extensive documentation, including use case diagrams, sequence diagrams, and class diagrams, to create a complete blueprint for development.

### Systems Analysis and Design Project

Executed a complete System Analysis and Design project for "Efrezly," a proposed inventory management system for tech retail shops. My role involved leading the project through its entire lifecycle, from initiation and feasibility studies to creating a comprehensive Software Requirements Specification (SRS). I produced detailed architectural designs, data models (DFDs, ERDs), and process specifications, culminating in a full project blueprint ready for development.

**Languages**

---

**English**

Ministry-certified Level 8

**Arabic**

Native speaker

**Volunteering**

---

03/2024 – 01/2026

**Member – IEEE Computer Society**

10/2024 – 10/2025

**HR Leader – IEEE Computer Society (UJ Branch)**

*I was the HR leader for a year in IEEE Computer Society (UJ Branch)*

- Led HR activities and coordinated with team members
- Assisted in organizing events and workshops
- Gained experience in leadership, communication, and teamwork
